

SPONSORSHIP WITH PURPOSE

THE MISSION - 20+ YEARS STRONG

Kismet Rock Foundation enhances the physical, intellectual and emotional development of economically disadvantaged children from urban and rural areas across New England. Kismet provides a comprehensive education in technical rock climbing, within the context of a stable and loving family-like environment. These scholarships are offered to children from the ages of 12 through 16, as they enter their critical teen years. By developing a student's potential, Kismet students are better prepared to positively contribute to their communities and their culture throughout their lives.

WE INVITE YOU TO JOIN US and other community leaders who are making a difference in the lives of children. Kismet Rock Foundation addresses the needs of youth impacted by poverty within New England through four-year scholarships in technical climbing instruction within a multicultural loving family-like atmosphere that aims to nourish potential. By embracing community, education, empowerment, and joy, Kismet helps its students develop holistically.

We need your help to continue the success of Kismet.

I truly hope that you will join us in 2022 as we provide opportunity for those who need it most. Below you will find more information about the organization and our sponsorship package. I look forward to speaking with you more about ways we can create a relationship.

*Krissy Fraser
Executive Director*

“I believe my experience at Kismet has taught me so, so, so many things that will help me for the rest of my life. I think the biggest thing I’ve learned that it’s okay to put myself first sometimes. I’ve learned that in order to help others around you, you need to also be your best self.” *4th year student, ME*

WHY KISMET WORKS

Kismet accepts students from a range of geographic and cultural backgrounds, and an equal number of girls and boys. Thus, our students have an extraordinary opportunity to develop friendships and learn from children whose experience is very different from their own.

Many of our summer program interns and staff are graduates of Kismet. This provides students with role models with which they can closely relate. It also provides opportunities for graduates to give back and grow professionally.

Rock climbing is a vehicle through which Kismet students' potential develops. Climbing sharpens problem-solving skills and critical analysis, requires a deep sense of presence, and enhances physical strength and grace.

"Kismet is very near and dear to my heart. It sparked confidence in me and gave me a feeling of worth - things I did not have as a child. It was a place I felt most supported and cared for. It was an escape from the reality of life. It's my happy place. Kismet has taught me so many things about life, but most importantly it taught me about myself."

4th year student, MA

“My greatest learnings and lessons from life at the house include opening my heart to others fully, I can talk freely when I’m with my Kismet family - no judgement or shame, just love.” 2nd year student, MA

ASIDE FROM CHANGING THE LIFE OF A CHILD THERE ARE FURTHER BENEFITS

Tax Deduction

Your business can claim financial contributions on your income taxes.

Happy Employees

Workers are more likely to be proud and happy working for an organization that gives back to the community.

Gain Public Support

Not only by supporting Kismet are you making a societal contribution, but it is a great way to promote your business in a worthy partnership. The great majority of consumers feel better about businesses that give back to a charitable cause.

PLEASE CONSIDER A GIFT OR SPONSORSHIP COMMITMENT

Every amount helps and you will know you are truly making a difference in a child's life.

If you are interested in learning more or becoming further involved please reach out or return the commitment form provided.

Sincerely Grateful,
Krissy Fraser

"I have spent 12 of the most amazing days of my life at Kismet"

2nd year student, NH
